

FLP ADOPTION PROTOCOL

Process for adoptions:

1. Visit the rescue/sanctuary for a meet and greet. Sundays 1 to 4 pm; no appt. necessary
2. You may fill out application for chosen pet while at the rescue/sanctuary. *If you have viewed the pet online prior to coming for meet & greet and are sure you will be adopting, print and fill out the adoption application from the website and bring with you to the rescue/sanctuary.*
3. Place a deposit to hold the pet until:
 - The puppy or adult dog is completely vetted: Spayed/neutered, rabies and series of four parvo/distemper vaccines have been completed.
 - The cat or kitten is completely vetted: Spayed/neutered, snap test for Aids/leukemia and series of three FVRCP vaccines have been completed.
 - Adopters outside a 60 mile radius of the rescue must submit photos/videos of their home, fenced yard and surrounding neighborhood; have references checked; application approved.
 - Appt. for return trip to the rescue for pick-up of pet scheduled.
 - If the application and photos are submitted before visit and application approved, upon visit to the rescue and pet chosen, the dog/cat can go home that day; no return trip necessary.
 - Adopters within the 60 mile radius: Delivery of pet will be scheduled, usually within one week of completed veterinary procedures, and the physical home check done at that time.
